

PRODUCT SPEC SHEET

Product Model #: MPC-325

Product Name: Multi-Purpose Clip

FOR USE ON	
• Asphalt Shingles	
Synthetic Shakes	
Metal Roofs	
Membranes	
• Other	

DESCRIPTION:
The MPC-325 couples the rugged 1.2mm 5052 anodized aluminum body of our popular GripClip™ with a unique slotted loop that allows a provided UV-Resistant zip tie to be installed in either vertical or horizontal orientations, thus allowing installers to establish a solid anchor point for cable traveling in any direction. Need to run cable vertically up the roof? Dealing with a woven valley with no room for standard Grip Clips™? Want to secure cable tightly to the lip of an exposed dormer flashing? This clip is a true problem solver. MPC-325 clips work on all standard asphalt shingles and are sold in boxes of 10, including 10 zip ties.
